DETAILED ACTION

Response to Amendment

The Amendment, filed on January 12, 2004, has been entered and acknowledged by the Examiner.

Claims 1-13 are pending in the instant application.

In response to applicant's inquiry regarding an error in the filing date of the instant application, upon review of the file record the error has been acknowledged and the filing date has been corrected to indicate the appropriate date of December 21, 1999.

Allowable Subject Matter

Claims 1-13 are allowed over the prior art or record.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1-4, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claims 1-4, and specifically comprising the limitation of a second voltage application step of applying a voltage having a voltage drop rate of 10 V/sec or more to at least specific pairs of conductive films among a plurality of pairs of conductive films.

Regarding claims 5-13, claims 5-13 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the

issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
